

23RD DoD TECHNOLOGY TRANSFER TRAINING WORKSHOP

8-11 JULY 2019

PITTSBURGH, PA

AGENDA

Tuesday, 9 July 2019

ROUNDTABLE DISCUSSIONS (subject to change)

Each roundtable topic will be presented in two 45-minute intervals so that attendees can participate in more than one discussion.

- ❖ Best Practices and Challenges in Agreement Management
- ❖ Best Practices in T2 and Transition: 20+ Years of Coatings Technology Success
- ❖ Crowdsourcing T2 for Sustainment
- ❖ Developing an Innovation Ecosystem Around Your Lab
- ❖ Export Control Considerations in T2
- ❖ Federal Laboratory Consortium (FLC) - What Is It and How Can You Be Involved?
- ❖ Intellectual Property Strategy "Business Documents" - Who Has Them, How Were They Implemented and How Are They Being Executed?
- ❖ Lab to Market Initiatives (Legislative/Regulatory, Metrics, Tools)
- ❖ Manufacturer Software Audits
- ❖ Partnership Intermediary Use
- ❖ Role of Government Purpose Licenses in Technology Transition
- ❖ Software Licensing in Light of Recent Service Policies
- ❖ T2 in Sustainment: The Need for a New Type of ORTA
- ❖ T2 Training for Scientists and Engineers
- ❖ The Role that STEM Can Play in T2
- ❖ Trademarks and Trademark Licensing
- ❖ Value Proposition Study
- ❖ What Can Go Wrong With a CRADA or a Patent License Agreement?
- ❖ Working with T2 and SBIR
