

# 23RD DoD TECHNOLOGY TRANSFER TRAINING WORKSHOP

8-11 JULY 2019

PITTSBURGH, PA

## AGENDA

Wednesday, 10 July 2019

### 1530-1700 ROUNDTABLE DISCUSSIONS *(Subject to change)*

Roundtable topics will be presented in two 45-minute intervals so that attendees may participate in more than one discussion. Each roundtable may or may not have a facilitator present to lead the discussion. If no facilitator is present, the roundtable would be an Independent discussion among interested attendees on the selected topic.

- ❖ Best Practices and Challenges in Agreement Management
- ❖ Best Practices and Pitfalls to Avoid in Software Licensing Using Section 801 Authority
- ❖ Best Practices in T2 and Transition: 20+ Years of Coatings Technology Success
- ❖ Crowdsourcing T2 for Sustainment
- ❖ Developing an Innovation Ecosystem Around Your Lab
- ❖ Export Control Considerations in T2
- ❖ Federal Laboratory Consortium (FLC) - What Is It and How Can You Be Involved?
- ❖ How to Leverage Other Transaction Authorities to Enhance T2 Partnerships
- ❖ Lab to Market Initiatives (Legislative/Regulatory, Metrics, Tools)
